RE: Delivery of Weight Slip Documents Regarding  
the Coakley Landfill to EPA Records Center, 90 Canal Street,  
Boston, MA

Dear Mr. Calder:

In accordance with our telephone conversation of July 31, 1990, and pursuant to instructions from the Coakley Landfill PRP Group, I am delivering herewith a series of boxes, numbered 1 through 15, containing all remaining weight slips currently held by the City of Portsmouth, regarding the Coakley Landfill. The boxes are dated August 2, 1990.

By separate telephone conversations on this date, Attorney Catri of the Office of Regional Counsel, has agreed with Tupper Kinder and myself that these documents are being provided under the following terms:

1. The Coakley PRP Group shall have continuing access to these weight slips, ~~as well as all weight slips which have been provided to EPA in this case.~~ *SJC*
2. If the Coakley PRP Group decides to prepare a database from these weight slips, the slips will be returned to the Group for a reasonable period of time for that purpose.
3. If microfilm records of these weight slips are created by EPA, then the Coakley PRP Group will receive copies, for reproduction cost, of such microfilms.
4. No decision is yet made concerning whether EPA will share any database which it might prepare from these weight slips with the PRP Group. However, this decision shall be made forthwith.

The PRP Group is requesting either your signature or that of your representative on a copy of this letter as an acknowledgement of your receipt of the weight slips in accordance with the above provisions.

Very truly yours,

Robert P. Sullivan  
City Attorney
